## SAYS M'KINLEY LORD ROBERTS MADE WAS KILLED IS NO DESPOT. AN EARL BY VICTORIA. BY NEGLIGENCE.

### Brief in Porto Rico Case Declares the Constitution Has Been Violated.

WASHINGTON, Jan. 2.—The first briefs to be filed in the cases involving the relation of the United States to their insular possessions which are to be argued in the Supreme Court were submitted today. There were eight of the cases and briefs were filed in the cases of Carlos Amador and of Samuel B. Downes. In both cases the briefs represent the parties opposing the contentions of the government.

Amador is a British subject doing business in Ponce, P. R., and he sues to recover tariff duties collected on goods imported into Porto Rico from New York, Philadelphia and Baltimore. The Court of Claims decided against him and he appeals from that decision. The brief in this case was filed by John C. Chaney on behalf of Mr. Amador.

The plea is made in the brief that the collection of duties was in the circumstances a violation of the constitution of the United States, as by the terms of the Paris treaty the island of Porto Rico became a portion of the United States. The brief lays down the following propositions as the basis of the appellant's contentions:

"The constitution of the United States reaches over every portion of the national domain, whether in the form of States, territories or districts, because the constitution provides for territories as well as States. The session made by Spain in the treaty of Paris produced an absolute change of title and sovereignty in Porto Rico.

"The President of the United States is an executive officer. He has no right to exercise legislative functions. The imposition by executive orders of customs duties on commerce between the island of Porto Rico and other parts of the United States after the treaty of peace and the exchange of ratification is unauthorized and void and the collection of such duties is without warrant of law.

"A government without limitations was never intended by the founders of the nation. They sought to establish and did establish a constitutional republic which furnishes a written guarantee of protection to all of its inhabitants. The idea that in one portion of the country the executive and legislative authority is subject to restrictions and limitations and that in another portion it is without any restrictions or limitations—that in one part a republican government exists and in another part an unlimited despotism—in repugnant to the theory upon which the government was founded. Every inhabitant is entitled to the protection afforded by the bill of rights.

"A large portion of the brief is devoted to the refutation of the doctrine laid down by the Attorney-General in the Goetze case, recently argued by him in the Supreme Court, to the effect that the Government of the United States should have an unlimited hand in control of territory outside of the States. Replying to this declaration, Mr. Chaney says:

"Mr. McKinley is the President of the United States—the President of its territory and of its people. He is not the President of other territory or people, and he is the despot of no people and no territory. He was never elected as commissioned the despot of anybody or anything.

"The Congress is the Congress of the United States—the Congress of the territory and people of the United States, not the Congress of any other territory or people. It is the Congress of all the people of the earth. It was created by the people of the United States under a Constitution specifically

### Arrives at the Isle of Wight and Is Received By the Queen at Her Osborne Palace With Highest Honors Ever Paid By Her Majesty.

COWES, Isle of Wight, Jan. 2.—The steamer Canada, having Field Marshal Lord Roberts on board, anchored off Osborne at 11:45 a. m. today.

The ships in the roads were gaily decorated, the sea-front was elaborately decorated with bunting and Venetian masts with festoons adorned the route to Osborne House at the entrance of which was erected a unique tribute of the Queen's appreciation of the Field Marshal's work in the shape of an arch of laurel. This was the first time such an arch had ever appeared there in honor of any subject of Her Majesty.

After Lord Roberts' audience with the Queen he will join the Canada at Southampton and remain on board until morning.

A large crowd of people awaited Lord Roberts' arrival at Trinity Pier

and landing. The Field Marshal landed from the launch at 3:30 p. m., which was the signal for deafening shouts of welcome. Princess Beatrice, in her capacity as Governor of the Isle of Wight, and the Duke of Connaught, representing the Queen, awaited Lord Roberts, whose arm was still in a sling as the result of being thrown from his horse in South Africa.

He was warmly greeted and the party started in royal carriages for Osborne House. The route was lined with troops and thronged with cheering alighters.

The Queen bestowed an earldom on Lord Roberts, with a special remainder for his daughters. He was also made a Knight of the Garter.

Lord Roberts stopped on his way at the Town Hall of East Cowes, where eulogistic addresses of welcome were presented to him. He then resumed his drive and entered the grounds of Osborne House by the Prince of Wales' entrance and proceeded up the noble, trooped avenue to Her Majesty's Isle of Wight residence. After a hearty reception in the Council Chamber by a number of Princes and Princesses, Lord Roberts was ushered into the presence of the Queen. His audience with her majesty was quite private.

Replying to the addresses at the Town Hall, Lord Roberts said that he regretted that his return was not accompanied by immediate peace but he added, while he feared hostilities would continue for some time, he had implicit confidence in Lord Kitchener and had no fear regarding the outcome. He concluded with an eulogy on the magnificent army of Greater Britain, all the components of which, he pointed out, pulled together splendidly.

### J. O'Brien Dies After Brutal Treatment at the City Prison.

Considerable mystery attaches to the sudden death of a man supposed to be John O'Brien, in a cell at the City Prison, shortly after 1 o'clock this morning.

About 7 o'clock last night some one telephoned to police headquarters for an officer to call at Ninth and Webster streets, where a drunken man was reported lying across the sidewalk.

Officer Swain was detailed with the patrol wagon. At the point mentioned a man was found lying on the walk in a comatose state and Officer Swain says that in order to make sure that there was no fractured skull or possibly a poison case, he drove with the man to the Receiving Hospital. Swain states that Warden Page, at the Hospital, felt the man's pulse and pronounced it a case of drunk. This, however, Page denies, contending that he was simply asked as to the state of the man's pulse and that he said the pulse was all right.

The unconscious man was then taken to the City Prison, where, after being hooked for drunk, he was placed in cell ten, with a man named McCloskey.

When Jailer Phillips made the rounds of the jail shortly after 1 o'clock McCloskey stated to him that his cellmate appeared to be dead or dying. This was found to be true.

The remains were then removed to the morgue, where papers found on the dead man tended to show that his name is J. O'Brien and that for the past four years he has been employed in the bookkeeping department of the Pacific Telephone Company, San Francisco, at a salary of \$5 per month. A copy of a letter was found wherein an appeal is made to some one for a loan of \$50, pleading as a reason for the same sickness in his family. Accompanying the papers is also a receipt whereby Mrs. B. E. McBurnie acknowledges receipt of \$35 for interest on \$50 for one month from December 7, 1900, to January 7, 1901.

Mr. Eaton at the San Francisco office of the Telephone Company, when asked concerning J. O'Brien, stated that the man had not shown up at the office. He declared it was very unusual, and said that O'Brien was never a drinking man and was always considered one of the most prompt and accurate bookkeepers in the employ of the company.

A call at the home of J. O'Brien, 441 Madison street, disclosed the fact that O'Brien had not been home the past two nights. Mrs. O'Brien was unable to ascribe any reason for her husband's action. O'Brien was 40 years old. An autopsy and inquest will be held.

### NEW BUILDING FOR FRANKLIN STREET.

W. J. Dingee and W. G. Henshaw Will Erect a Fine  
Business Block.

Another improvement is about to be inaugurated which will heighten the commercial appearance and importance of the section at the corner of Fourteenth and Franklin streets. It will be the erection on the lot at the north-west corner of those streets of an elegant office and store building by W. J. Dingee and W. G. Henshaw of the Union Savings Bank and W. J. Dingee of the Contra Costa Water Company. The plans have already been designed by Architect W. G. Matthews.

The structure will be of brick with ornate stone trimmings and will cost between \$40,000 and \$50,000.

The height and general interior features of the building will depend, very largely, upon the uses to which it is to be applied.

The projectors of the structure stand ready to construct a building which may be used either for commercial or professional men as well as social purposes. In the event that it shall be utilized in the last-mentioned manner, plans will be prepared for a club headquarters on a liberal scale and of the most modern character. In such an event the quarters will be occupied as the permanent abode of the Athenian Club, which is now domiciled in the

### PASSENGERS FROM DAWSON.

A Doctor Believed to  
Have Met with Foul  
Play.

VANCOUVER, B. T., Jan. 2.—The steamer Victorian arrived this morning from Skagway with forty passengers, mostly from Dawson. They had left late on December 16th, making quick time over the ice. A. P. Leander of Seattle was the latest passenger, and he came out on a bicycle.

Mrs. Dallinger, wife of Dr. Dallinger, who left Dawson on December 16th for Skagway and completely disappeared, also came out by the Victorian. She heard nothing of her husband, who it is feared met with foul play, and she is on her way to seek assistance of relatives in Seattle. She will then immediately return north to further prosecute the search. There is no clew, and the conclusion that he was foully dealt with is entirely theoretical.

An application for a new trial for John P. Slorach, who murdered his mistress, was refused at Dawson on December 16th, and the sentence of hanging on March 1st will probably take its course.

The wreck of the steamer Topoka is reported to be in good shape and will probably be successfully raised.

### SENATOR PERKINS WRITES TO MAYOR

Will Work for Money for Harbor But Is Not Sanguine  
of Success.

This morning received the following letter from Senator George C. Perkins to the harbor improvement committee of the city council, dated Dec. 28, 1900.

Dear Sir:—I have in receipt of your letter of the 27th inst. and in reply to inform you that I have no objection to my name being used in connection with the harbor improvement project.

Yours very truly,  
"GEORGE C. PERKINS."

The balance of the appropriation referred to is now being used for the construction of the tidal canal.

Mayor Snow has referred Senator Perkins' letter to the City Council.

STOCKHOLM, Jan. 2.—General Borkor, Governor-General of Finland, will demand in the Finnish Senate a more stringent censorship law, in order to prevent the people from criticizing the government. Private correspondence from Finland says Governor Borkor is about to remove five professors of Helsingfors University for criticizing the government.

### FIVE MEN PERISH IN COLLISION.

NEW ORLEANS, Jan. 2.—Five men were killed and one badly injured in a head-on collision between two freight trains on the Yazoo and Mississippi Valley Railroad at Metton, Miss., last night. There were double-header engines on both trains.

Both engines were demolished and a large number of cars smashed. Three engineers and two firemen were killed. The cause of the accident was a misunderstanding of orders.

Receiver Denied.

CHICAGO, Jan. 2.—The United States Circuit Court of Appeals today handed down a decision sustaining the decision of the lower court, denying a petition for a receiver for the National Linseed Oil Company.

### HE IS NOT PAT CROWE.

OMAHA, Neb., Jan. 2.—The stranger supposed to be Pat Crowe, overhauled in a chase near Chadron, Neb., proved to be an innocent collector of curios, named Denny, from Boston and was not detained.

Michigan Legislature.

LANSING, Mich., Jan. 2.—The Michigan Legislature convened at noon today, and organized by electing officers.ominated in the Republican caucus with John J. Crier as speaker of the House and J. E. Cools as President of the Senate.

### BODY IS IDENTIFIED BY CAPTAIN'S WIDOW.

BERKELEY, Jan. 2.—The remains of Captain Herman Stendel were identified this morning by the widow of the deceased, who, with her brother, called at the morgue in Berkeley, having come thither from her home, 2425 Shattuck street, San Francisco. The points of identification were the bridge work on five of the deceased man's teeth and a porcelain tooth in the back part of the mouth. The marks on the body of the deceased showed that he had been foully dealt with. The autopsy is being held this afternoon.

Stendel was killed on the steep Lolo.

PHILADELPHIA, Jan. 2.—Samuel V. R. Hill, general agent of the Adams Express Company in this city, died today of pleuro-pneumonia. He was about 28 years old and has been for thirty-nine years in the service of the company, working his way from a humble position to that of general agent.

### BRITISH STEAMER WRECKED IN STORM.

ST. JOHNS, N. F., Jan. 2.—The British steamer Iyden, Captain Millburn, from Hamburg, December 15th, for Wilmington, N. C., went ashore during a snow storm last night at Laramie and is likely to become a total loss. The crew are safe, but they met with a frightful experience in the open boat. No details of the disaster have yet been learned. The steamer is of 1,277 tons net register.

### PATTI WILL SELL HER WALES CASTLE

LONDON, Jan. 2.—Madam Adeline Patti (Baroness Holf Cederstrom) confirms the report that she is negotiating for the sale of Glamis Castle, her residence in Wales, and says she desires in future to spend the summer in her husband's country.

In response to the request of the Associated Press for her reason in taking this action, Mrs. Patti has sent a telegram as follows:

"Wishing to spend the summer months in Sweden, Glamis Castle, my summer resort until now, would become of very little use to me."

PATTI-CEDERSTROM.

WEDNESDAY JANUARY 2, 1901.

The allied troops quartered in China are suffering from the cold. Both the land and its inhabitants have proved incapable of furnishing anything in the line of a warm reception.

A noted French dressmaker is suing all of her fashionable patrons who have failed to pay up. It would be hard to get her clients to admit that she is anything but a woman of good habits.

A Mono man while visiting Sacramento yesterday was held up and relieved of \$25 cash. It is but fair to the members of the Legislature to explain that the session has not yet convened.

A society has been formed in New York to put a stop to kissing. Its members being all pledged to self-denial in that regard. Probably if we could see their photographs some satisfactory explanation could be obtained of this latest freak movement.

This is the hour of danger for the individual who has been doing anything in the sweating-off line, for, like the launching of a lifeboat, the greatest peril is among the breakers at the shore. After all our possibilities and misdeeds are merely the result of habit, and it is by a vigorous effort they are once shaken off there is no need to return to them again.

Mayor Snow's appointment of James A. Johnson to the vacancy in the Council created by the election of Mr. Rowe to the County Board is an excellent one in all respects. Mr. Johnson is thoroughly conversant with the city's needs, having served as City Attorney for several years. Testimony having proved himself a capable and upright official, he is a man of character and standing and in full sympathy with all progressive movements. The Mayor could not have made a better selection.

The prompt action of the Chinese government in ordering its envoys to at once sign the preliminary terms of peace shows that the entering wedge of civilization is at last severing the ultra-conservative selfishness of the Chinese. While from the standpoint of present complications the Boxer movement has been unfortunate for China, it will ultimately redound to the benefit of the nation, for it will bring about the adoption of up-to-date methods and ideas twice as early as would have been the case under ordinary conditions.

## A RETROSPECT.

The great volume of human history embraced in the cycle of time known as the nineteenth century has been closed. It is wonderful in its record of human achievement, and glancing over its pages man appears to have reached the very zenith of his possibilities in the realms of science, industry, knowledge and other such activities. It is difficult to perceive where further advance can be made, and the pessimist might easily be led into the belief that the limit has been reached of all human progress.

The eighteenth century, even at its close, gave no indication of the tremendous progress that was to be born of its a-bey. The year 1814 found Europe in the throes of war and revolution. The governmental systems that had derived their title and influence from tradition were being first overturned by the adventurous Napoleon, and while the world applauded the dashing of the old it recoiled at the possible consequences. The memory of the bloody French revolution was still too fresh, and because of it man feared to assume the right to govern himself. He trembled before the throne of tradition and disavowed that which did not fit the seal of custom and immemorial acceptance.

While Europe was thus so deeply convulsed and the spirit of unrest ran dominant from hotel to palace, there was developing upon this side of the Atlantic a power that was to demonstrate man's ability to rule and control himself. The new force was the American Republic—the thirteen colonies or plantation that had broken away from British authority, and whose sovereignty was recognized and tolerated simply because the great nations were too enmeshed in defending themselves from the encroachments of its rival powers to interfere with the newly-born nation. Though Napoleon fell and the exiled monarchs of the old world regained their thrones, the doctrine of democracy had so permeated civilization that the newly enthroned rulers decided that it would be a better policy to maintain friendly relations with the American republic than to combat it.

This was the great principle that laid the foundation for the wondrous achievements of the nineteenth century. It leveled the barriers of caste and opened to man a world limitless in its possibilities. It inspired him to work out his own destiny. It made him responsible only to himself. He felt and realized that he was the chattel of no other being, and he breathed in with the spirit of freedom and unchecked endeavor the inspiration to go forth and subdue to his rule the vast potentialities of nature. The genius of the century was born at Bunker Hill, at Saratoga and at Yorktown. It was a century of progress because man was untrammelled in the use of his talents and opportunities, and his stories are not confined to his own results, for it has made possible the genius of the next few years of this century as well as the genius of the past. It is the genius of the century to complete the sum total of progress.

## MR. DAVIS ON THE PRIMARY PLAN.

In his letter to THE TRIBUNE ex-Mayor Davis voices the sentiments of the generality of Republicans in regard to the coming municipal contest. His hearty endorsement of the primary plan of electing delegates to the city convention may be authoritatively accepted as expressive of the popular desire on this point. Mr. Davis points out the wisdom of the course adopted and also takes occasion to show that the primary is called by the only Republican body having authority to do so. Indeed, there is no other body in the city representing the Republican organization, consequently a primary called under any other auspices must be irregular and self-constituted, and can have no other effect than creating a breach in the party and dividing it at the polls. The independent position of Mr. Davis will be recognized. Although he was appointed on the Committee of Twenty-eight he took no part in the proceedings which resulted in the call for a primary. However, it was well-known that he was in favor of holding a primary from the start. To use his own expression, he was convinced that "it was time to call the roll of Republican voters" and ascertain their wishes as to the future organization and policies of the party in municipal affairs. As the committee has met the recommendations of the occasion, he frankly and impressively addresses the action as one to be commended and accepted as being a fair adjustment of all existing differences. An appeal to the Republican electorate must be accepted as just and the decision is final.

The convention selected by the primary method will give the municipal organization a fresh start by virtue of direct sanction of the party. It will be entirely representative of the party voters and will thus be an exemplification of the principle lying at the foundation of popular government that all powers should periodically return to the people for revision or reformation. With it by calling an open primary the committee resigns all pretense of the right to legislate for the party, but assumes the properly limited function of an executive body constituted to provide the ways and means whereby the party may legislate for itself. The convention will now formulate the policy and name the candidates which will be a reversal of the plan of appointing a convention merely to nominate candidates and formulate policies previously decided upon. It is a conservative statement to say that the latter method has not proved satisfactory to the city nor advantageous to the party. There is a popular revolt against it.

Naturally the only course left is an appeal to the electorate. An opportunity is now presented for disputed questions to be submitted to the only tribunal qualified to pass final judgment—the popular vote. It is this side of the matter that Mr. Davis presents so clearly. His clarity of vision, disinterestedness of purpose and judicial temper all tend to add potency to his arguments. They simply add strength to an impressively stated position.

## THE EXCLUSION ACT.

The Chinese bugaboo with which the Democratic politicians tried to frighten the voters of this State into turning their backs upon the administration gives promise of an early settlement in the revision of the present exclusion act, which is soon to expire. Representative Kahn will introduce at this session of Congress a bill to continue the terms of the act now in force, and while he does not anticipate its passage until the gathering next fall, it will nevertheless serve to keep the matter prominently before the national legislative body and thereby secure an early consideration at the next session. The President has already drawn the attention of the party leaders to the necessity of prompt action being taken in the matter in order to protect the laboring interests of the country from being brought into competition with the Mongol hordes, which if they once more get the opportunity to swarm over here will do so in greater numbers than ever before. McKinley has moreover given his assurance to the representatives from this State that while he wishes to hold the matter in abeyance for awhile in view of the complications in the Orient or if pressed at this time and under existing circumstances it might be construed as an unfriendly act towards China, yet he is in full sympathy with the exclusion act and favors its re-enactment before the time of its limitation expires. As a Congressman McKinley was one of those who favored the present law and was one of its strongest advocates.

As the matter now stands, the indications are extremely favorable to the passage of the Kahn bill either at the latter part of this session or the beginning of next. It is not likely that there will be any debate precipitated over the measure and it will follow the quickest course possible, so there need be no fear that the Chinese will be given the chance to invade our shores as an asylum to escape from the tribulations of their own land. Not only is the Mongolian the bane of the laboring element of the Pacific coast, but he is opposed all over the nation by the farmers, who recognize in him a competitor who can work for less than it is possible for the civilized white man to subsist upon, let alone provide for a family and do his part as a good and law-abiding citizen. It is the American principle as enunciated by the Republican party to protect our own laborers and wage-earners, and as the exclusion act guards them from the peril of a Chinese invasion in any branch of industry, it can be safely assumed that the bill as submitted by Representative Kahn will receive the endorsement and support of every Republican Congressman and that the present act will be continued upon the statute books for another term of twenty years.

## THE COAST LINE.

The completion of the new coast line between this section of the State and Los Angeles marks another prodigious step in our transportation facilities—one that will be of vast benefit to California and in particular the northern section. The unobscured features of the trip from the south to this part by way of the Trans-Pacific Coast will be of the tourists who spend their winters in the orange groves from visiting the upper end of California and it may be expected that when trains begin their regular trips over the newly opened route a big travel will be inaugurated and thousands will visit us where hundreds only came previously. Furthermore the new line opens to development one of the very finest and most attractive parts of the State, lying in the counties of Monterey, San Luis Obispo and northern Santa Barbara, a section that has been held back through the lack of direct and convenient transportation facilities. The country thus opened up to settlement has justly been declared to be the very garden spot of the State, and in its climate, resources and productions cannot be excelled. The new road will make it accessible to the markets and place it on the direct line of travel, so that within a very few years it will rank among the most progressive and populous sections in this commonwealth. The scenic attractions of the new line are of the most picturesque character, and for nearly 400 miles the road runs within sight of the great Pacific ocean, which of itself will prove an attraction to the tourist from the eastern side of the continent.

## POINTED PARAGRAPHS.

Success comes from not making the same mistake twice.  
Trees grow out of doors and doors are made out of trees.  
The average man suspects at least twice as much as he knows.  
A farmer finds a miracle when he turns his horses to grass.  
Some men acquire that tired feeling from looking for an easy job.

## SOCIETY.

\*\*\*\*\*

A greater number of marriage licenses were issued at the County Clerk's office Monday than during any single day in the history of the county. The closing of the century seemed to have an attraction for those who had fallen into Cupid's clutches, and when the day closed more than twenty pages of the big affidavit book had been filled. There was a steady stream of applicants from early in the morning until long after five hours, and when Clerk Browning finally made his coupe he was almost exhausted.

Mr. and Mrs. Henry A. Butters gave a housewarming Monday at their new home in Piedmont. About fifty friends and relatives were asked to visit the old couple. The new home is a beautiful one, and the old folks are very comfortable. There was no inopportune music to be heard from the Bohemian Club quarters, also known as William Hopkins, Mr. Dickman and others. IT MAKES WOMEN HAPPY.

"I had been a sufferer from many years from nervousness with all its symptoms and complications," writes Mrs. O. N. Fisher, of 165 Lexington Ave., New York, N. Y. "I was constantly going to see a physician or purchasing medicine. My husband at last induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles of 'Favorite Prescription' and I am now feeling better than at first. I am not now cross and irritable, and I have a good color in my face; have also gained ten pounds in weight, and one of the best of comfort, for I am a new woman once more, and your advice and your 'Favorite Prescription' is the cause of it."

You have been in Oakland visiting friends.

C. A. Johnson of Oakland will soon leave for Kingsburg, accompanied by his father and mother. They will be the guests of Mr. and Mrs. P. D. Rosenthal.

Mrs. C. A. Nale of Oakland is visiting her sister, Mrs. Lachar Maclean of Sacramento.

Walter Slater of Sacramento has returned to his home after a few days spent in Oakland.

Henry Harist of Oakland has been the guest of his brother, Rev. Harist of Germantown.

Mrs. William Wolf and Mrs. L. Wolf, who formerly resided at 254 Ninth street, this city, are now stopping at 1515 Ellis street, San Francisco.

A death from influenza was:

"Mr. Ralph Sparks and Miss Isabel Manning were married yesterday at noon. The wedding took place at the residence of the bride's uncle, Henry Manning, a fruit grower of Pleasanton. Only the bride and a few of the couple were present. The groom is the son of Mr. V. Sparks of Oakland and is a successful Solano county farmer. Miss Manning is from Chicago, a young lady of culture and refinement. The young couple left early for their respective friends, boarded the train at the Wolfskill warehouse and were soon on their honeymoon trip."

Another bride of the night was Miss Isabelle Mackinnon of this city, who was married to John do Lancy Jr. by Rev. Paul Spencer of the First Methodist church just as the new century came in. This was the outcome of an engagement of three years standing that began while they were both students in the Oakland High school and was continued in their after life. Mr. de Lancy is a young lawyer with the firm of Crowell & Leach, and the bride is the daughter of W. H. Mackinnon, a well-known real estate dealer of Oakland. They are both 25 years of age. They will go to Sacramento to live during the winter of the Legislature, when Mr. de Lancy will be an employee of the State during that period. They will then make their home in Oakland.

Miss Mary L. Hahn and Edward A. Killian were quietly married yesterday amid the well wishes of a host of friends. The young people are very popular, and the happy Mrs. Killian was heartily wished by the many who saw them place their truth on the first day of the new century.

Miss Omega Kinnell was quietly wedded yesterday afternoon to Rev. Hermann P. Schwartz of Boston at the residence of her parents at Lumbert. The ceremony was performed by Rev. C. H. Brown in the presence of a few relatives and friends, the wedding being very quiet. There were no wedding attendants. Miss Kinnell met Mr. Schwartz while she was studying music in Boston a few years ago. Their friendship ripened into an engagement, and Mr. Schwartz finally came to California to get his bride. They will reside in California for a short time and will then take up their residence in Marshfield, a suburb of Boston. Miss Kinnell is the daughter of George Kinnell, one of the pioneers of Alameda county.

In the presence of a limited guests Miss Gertrude Peterson became the bride of Mr. J. H. Green of Alameda yesterday afternoon at 5 o'clock. The ceremony was performed by Rabbi Friedlander of the First Hebrew congregation in Woodman's Hall, which had been handsomely decorated with flowers and scenery.

As the bride's party entered the hall the organ played the wedding march, "Lohengrin." The bride was accompanied by her father, L. Blagowol, and the maid of honor, the three bridesmaids, the ring-bearer and six little flower girls completed the bridal party. The bride was dressed in a becoming dress of white muslin with a long white tulle and she carried a large bunch of bride's roses. Attendants, Masters Herbert Green and Martin Coleman were the page and ring-bearer respectively, and they were accompanied by a large number of friends.

Under a large floral piece the bride's party was met by the groom and his attendants. Master J. H. Green, brother of the groom, was the ring-bearer, and Master J. H. Green, brother of the groom, was the ring-bearer, and Master J. H. Green, brother of the groom, was the ring-bearer.

Dr. and Mrs. Green are well known in society circles in Alameda and Oakland. The bride is the daughter of Mr. and Mrs. J. H. Green of this city, and she is a well-known social figure in Alameda, where the couple will reside in the future.

## HAYWARDS' OFFICER NEWS NOTES FROM THREE WEDDINGS

### ALL RIGHT. IRVINGTON. IN BERKELEY.

Had No Objection to Peacherinos Painting the Town Red. New Principal for the Church People Sorry They are Going to Lose Their Pastor.

**HAYWARDS, Jan. 2**—John Olsen of Sonoma spent Monday in Haywards. Bertin J. Rose was in Oakland Monday.

**FOOLED MARSHAL.**

Sunday night the Peacherinos painted the town red. Night Watchman Frank Pimental when seen by a TIMOTHY reporter, said: "Now they all say it is my fault. They will say I had better get a pair of glasses. I don't need any glasses. I saw the whole thing and also knew it was only a case of fun so did not make any ticket. How was it? Well, at a little before 12 o'clock, while I was standing on the corner of Castro and B streets, I saw a couple of fellows in front of Jesse Woods' store. I went to investigate and the men ran away. Wood's windows were painted red. Then there was a chase up the street, but the arrests I did not make and got away. When I got back into town every window pane was red. First I thought I would ring the fire bell, but on second consideration I decided that it would not be right to spoil innocent fun, so let the boys do their worst."

Henry Mohrner, whose home is at this place and who was recently chosen as a member of the Grand Jury, while handling a young horse this morning was badly smashed and broken. His injuries, however, are not sufficiently serious to prevent him from attending to his duties as a Grand Jurymen.

**IRVINGTON, Jan. 2**—Mrs. W. W. Durham is very ill with pneumonia. Her husband is in Chicago, and the family attend to her condition. He will probably arrive in town in a few days. Dr. Nellis and a trained nurse are in attendance.

A Christmas tree at the Christian Church on Wednesday evening was a success. All the little children of the Sunday School received presents.

The remains of Timothy Twigg were buried in Centerville on Friday. The services were held at the Catholic Church. Mr. Twigg was an old resident here and was highly respected by all. His son, Edward Twigg, arrived from Butte, Montana, a few hours before the funeral.

Mr. and Mrs. George A. Babb returned to San Francisco on Sunday after spending a very pleasant time with relatives here.

Mrs. Martine went to San Francisco on Monday.

Robert Blawie of Santa Maria was home for Christmas. Joseph Blawie also came home from the same place to spend Christmas with his family.

Lyman Babb returned to Mokelumne Hill on Sunday.

Master Ned Withers went to Oakland on Friday to visit his cousins.

There were great times in town on the night of the 28th. The church's bell solemnly tolled the knell of the dying year and century, and as soon as midnight came joyfully pealed forth a welcome to the new century and the new year. The streets were full of people, some of whom were returning from watch meetings, many were bringing tin horns, firing pistols and hurrahing for the good time which all hope await the people of the twentieth century.

Frank Reynolds, a young man who was born and raised near here, is to be the principal in our public school for the next year. Mr. Reynolds is a graduate of the grammar school here, also the Union High School at Centerville and the Normal School at San Jose. He is a member of the Christian University for the past year. He is a young man of good principles, and all predict for him a successful career in our school.

Mr. J. de la Rosa returned to her school at Kern City, Kern county, on Monday morning. She was accompanied by her husband as far as Tracy.

Mrs. Tizell is slowly improving.

Rev. Gilbert and wife of San Francisco spent the past week with Mr. Ford's parents in Irvington.

Mrs. Mack and Miss Martha and Mr. and Mrs. J. J. Jemert and son Will returned from their Christmas visit to relatives in San Francisco on Thursday.

Mrs. Haskell of San Francisco spent several days with her parents, Dr. and Mrs. Gilbert, during the week.

Mr. and Mrs. Riley were tendered a wedding reception by Mr. Riley's parents on Saturday evening. A large number of relatives and friends were present, and a most enjoyable time was passed by all present.

Mr. and Mrs. Pollett have returned from Boulder Creek, where they spent Christmas with relatives.

Judge Thompson of San Francisco visited his son, B. B. Thompson, on Tuesday.

Miss Louise Jensen left here on Wednesday for Berkeley, where she will reside for the future.

Miss Fannie Cuth went to Oakland on Saturday to spend New Year's with friends.

Mrs. Jack Stanley and children visited her sister-in-law, Mrs. Jackson, the past week.

The whist club will meet with Miss Hinkley on Saturday next. Miss M. S. Babb and Mr. Henry Weston had the highest score at the meeting on last Saturday night.

Miss Catherine Peterson, a student at the Dental College in San Francisco, spent last week with her parents who reside in town.

Mrs. Helen Robertson returned to San Francisco on Friday.

**SUBSTITUTE CLERK FOR OAKLAND POSTOFFICE.**

Postmaster Friend has just received official confirmation from the department at Washington of the appointment of A. M. Hickman as substitute clerk in the Oakland postoffice. Mr. Hickman will take up his duties at once.

**FIFTY TONS OF CANDY.**

Have Been Sent to Our Soldiers in the Philippine Islands By the Government.

Fifty tons of candy have been sent to the soldiers in the Philippine Islands by the Commissary Department of the army during the last three months and large amounts to the soldiers in Cuba and Puerto Rico.

This is done upon advice of the medical officers of the army, because it is a physiological fact that a moderate consumption of confectionery promotes health and satisfies a natural craving of the stomach.

Candy was never furnished to the United States Army before although it has been commonly used as a ration by the French and British troops in the tropics.

The explosion of another old fashioned theory that sweets were injurious to the digestive organs, while a moderate use of sweets is actually beneficial.

Very few things are so injurious and the food cranks who advocate the use of a few grains and vegetables and deny the use of sweets and meats are in error, as a wholesome variety of meat and vegetable food is absolutely necessary for the maintenance of the highest condition of health.

The best rule to follow is to eat what the appetite craves, and if there is any discomfort or trouble in digesting meat and sweets, the difficulty can be readily overcome by the regular use after meals of some safe digestive composed of pepsin and dicalcium phosphate.

Stuart's Dyspepsia Tablets, which may be found at all drug stores, is the best preparation of this kind.

Years of use have demonstrated their value and effectiveness of Stuart's Dyspepsia Tablets in all cases of indigestion.

**ALAMEDA POLICEMAN'S CASE SET FOR TRIAL.**

The trial of George N. Mac Rae, the Alameda policeman who shot and killed Milton Brown while attempting to arrest him, has been set for April 15th. It will be held in Judge Greene's court.

**BERKELEY, Jan. 2**—The following resolutions have been adopted with respect to the retirement of Rev. E. H. Bradley from the pastorate of the Park Congregational Church at Berkeley:

"Whereas, Rev. E. H. Bradley has tendered his resignation as pastor of the Park Congregational Church, Berkeley, to take effect January 1, 1901, after one year of earnest and faithful service; therefore be it

"Resolved, That the church has found in Mr. Bradley

"First—A man of sound principles and Christian character in both private and public life.

"Second—A most careful student and earnest preacher of the Divine word.

"Third—A faithful and beloved pastor, ever ready to lend a helping hand to those in need and by his preaching and sweet voice in song has led many to higher and better things.

"Fourth—That we regret it becomes necessary for Mr. Bradley to sever his connection with us, but what is our loss is another's gain.

"We therefore affectionately recommend him to the love and fellowship of those whom God may place in his charge as one well able to lead to higher and better things.

**THREE WEDDINGS.**

**BERKELEY, Jan. 2**—Miss Ella Elton, daughter of Rev. Allen M. Elton, of the First Christian Church, was married at 3 o'clock last night to Dr. F. Sandow of Honolulu. The ceremony took place at the Elton home at 222 Channing way.

The bride was given away by her father, Dr. Elton. The bridesmaids were, Mrs. Ruth Elton and Miss Mabel Warrick, and the groomsmen were J. Arthur Elton and Sidney Elton, brothers of the bride.

After a short wedding trip Mr. and Mrs. Sandow will go to the Islands to reside. Dr. Sandow is the Government physician of the island of Hawaii.

Dr. Frank W. Bancroft, instructor in physiology in the University of California, was married last night to Dr. Eleanor May Stow. The wedding took place in the First Congregational Church in San Francisco. Dr. George C. Adams officiating.

Dr. Bancroft was graduated from the State University in 1901, received his Ph.D. at Harvard in 1898 and has since been studying at Berlin and Naples.

The bride is the daughter of J. M. Stow of Walnut Creek. She was graduated from the Medical College of the University in 1898, and since then has practiced in Oakland and Berkeley. The couple will reside in Berkeley.

The marriage of Harry L. Taylor and Miss Ruth Armstrong took place Monday at the home of the bride's mother at 511 Broadway.

The groom is the son of Mr. Taylor, a resident of the First Congregational Church of Oakland. The bride is a University graduate. Rev. Charles H. Brown performed the ceremony, which was very quiet, on account of the illness of Mrs. Armstrong.

**MAY SOLVE THE MYSTERY.**

Body Found in Morgue May Be the Missing Captain.

A body found at Bath beach, West Berkeley, yesterday, is believed to be that of Herman Stendel, who disappeared mysteriously from his ship, the Lulu, near Point Richmond, December 20th.

The remains have the appearance of having been in the water for over a week and are badly decomposed. They are of a man about 19 years old, weighing 160 pounds and being five feet ten inches in height.

The hair is dark and the man's skin is fair. The clothing is in fairly good condition. It consists of a light blue mixed woolen and cotton underwear, a blue flannel overshirt, a blue drilling blouse, corduroy trousers, brown cotton socks and lace shoes. In the clothing were found a bunch of seven keys, a cartridge extractor and a pocket knife.

Five of the man's upper teeth are bridged in. About the head a number of scratches are visible, and these, to all appearances, were inflicted prior to death.

## WORKING FOR THE INDEPENDENCE OF CANADA.

Secret League Formed  
and a Constitution  
Adopted.

Propose to Dissolve All  
Relations With Mother  
Country.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
NEW YORK, Jan. 2.—A special to  
the Times from Montreal says:

For some time past there has been  
some discussion about the desirability  
of an alleged "independence" club in  
Montreal, but the managers of the  
movement did not appear to  
judge the time opportune for appeal-  
ing to the public. A good deal of in-  
terest was added to the movement by  
the fact that during the Paris Ex-  
position a large number of young men  
appeared in Paris wearing "Independence  
of Canada" buttons, and an at-  
tempt was made to connect J. I. Tarte  
and J. X. Perrault, the Canadian com-  
missioners, with the movement be-  
cause a number of independence but-  
tons were among the spoils recovered  
from men who had burglarized Mr.  
Perrault's house.

Mr. Perrault explained, however,  
that these buttons were about fifteen  
years old and he had changed his  
views since. Now the Canadian In-  
dependence League has issued its  
platform and constitution, but has de-  
clined to publish its list of officers and  
members. The constitution consists of  
eighteen clauses of which the first  
eight are:

1. Dissolution of the Colonial relation  
and declaration of independence.
  2. New federation to be known as  
United States of Canada.
  3. Provinces to become states with  
sovereign power.
  4. Federal authority to have only  
such powers as shall be specially de-  
legated to it by sovereign states.
  5. No power shall be delegated to the  
federal authority except with the  
assent of the majority of delegates of  
each of the sovereign states convened  
in a national assembly.
  6. Creation of a state militia under  
command of a federal officer.
  7. Universal suffrage.
  8. The great highways and services  
(railways, canals, telegraphs, etc.) to  
be public property.
- Others deal with changes in laws  
along socialist lines.

## KNIGHTHOOD FOR SIR HIRAM MAXIM.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
NEW YORK, Jan. 2.—Sir Hiram  
Maxim has received many congratula-  
tions upon the honor of knighthood  
conferred on him by the Queen, says  
the London correspondent of the Tri-  
bune. In his long residence in London  
he has taken an active part in the  
work of the American society. He has  
been a familiar figure at its annual  
banquets, has boasted of his Puritan  
ancestry and has shown pride in his  
American citizenship. He became a  
naturalized British subject a year ago,  
and knighthood has been the reward  
for important services rendered to the  
War Office.

## COLORADO STOCK KILLED BY COLD.

WALSHEBURG, Colo., Jan. 2.—The  
weather in this vicinity is the coldest  
in several years. This condition was  
preceded by a snow storm lasting sev-  
eral days. The snow was fine and the  
wind drove it right to the hide of ex-  
posed stock. This, followed by such  
severe cold, will cause the loss of con-  
siderable stock on the range. Reports  
are coming in of heavy losses of sheep.  
One herd ranging east of this city is  
reported to have lost fully 20 per cent.  
Most of this loss was occasioned by  
the sheep piling on top of each other  
to escape the cold and snow and  
smothering those underneath. Losses  
of cattle are also reported.

## CUBAN OFFICIALS VISITING JAMAICA.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
PORT ANTONIO, Jamaica, Jan. 2.—  
The steamship Thomas Brooks with the  
Cuban officials aboard, has arrived  
here. The officials will inquire into the  
British methods of colonial government  
and adopt desirable features into Cu-  
ban government.

## MUNYON'S KIDNEY CURE

When Prof. Munyon says his Kidney Cure is  
a specific for nearly every form of Kidney dis-  
ease he is not overstating the case. It is the best  
it has won for itself a place among the most  
valuable remedies. It will cure Bright's  
Disease in the advanced stages. It will not  
do the impossible, but it will cure every phase of  
the complaint, even the most intractable stages of  
the disease.

## EMPERORIS IN NO HURRY TO REACH PEKING.

Will Not Return Until  
After the Allies Have  
Left the City.

Foreign Ministers Rattled By  
Prompt Acceptance of  
Their Demands.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
NEW YORK, Jan. 2.—A dispatch to  
the Herald from Peking says:

The prompt acceptance by the Chi-  
nese Government of the pro-  
posed demands of the powers has  
taken away the breath of the foreign  
Ministers, who are not prepared to go  
on. If they do so the differences of  
an apparently irreconcilable nature  
which this question of indemnity cre-  
ates in diplomatic quarters will be re-  
vealed.

As a precaution and for the sake of  
delay the Ministers have asked the  
Chinese plenipotentiaries to put the  
acceptance of the note in solemn form.  
It is generally believed that Paris  
and Washington will take the initia-  
tive in future negotiations.

Reliable information came from the  
court today that the Emperor had suc-  
ceeded in sending General Tung Fuh  
Shang and his army westward. His  
majesty is preparing to return to Pe-  
king by slow marches. He will not en-  
ter the city until the allies leave.

## TO SUPPLY RUSSIA WITH PACKED MEAT.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
CHICAGO, Jan. 2.—The Tribune  
says:

Signatures were affixed in this city  
yesterday to a great international con-  
tract, and a Chicago packing firm will  
supply the Russian Government this  
year with 1,500 barrels of a specially  
prepared meat to feed the soldiers of  
the Czar's army.

The terms of the contract will ex-  
ceed \$100,000. The vast field for sup-  
plies in Russia and Siberia has been  
opened to Americans only lately, and it  
is believed that the contract com-  
pleted yesterday is merely the prede-  
cessor of others which will amount to  
millions of dollars and result in the in-  
roduction and consumption of Amer-  
ican packed meats in every part of the  
vast northern empire.

A new process of packing and pick-  
ling meat is an important factor in  
the awarding of the contract. By this  
process it is said that the problem of  
transporting the packed meat any dis-  
tance and through any climate without  
affecting the quality of the supplies  
has been solved.

## SEATTLE PUBLIC LIBRARY BURNED.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
SEATTLE, Wash., Jan. 2.—The pub-  
lic library of Seattle was burned to  
the ground last night. The fire origi-  
nated in the northeast corner of the  
basement, possibly from the furnaces.  
The total stock of books, numbering  
23,000 volumes and valued at at least  
\$20,000, are a total loss. The firemen  
responded quickly to the alarm, but  
after half an hour's work were entirely  
unable to cope with the blaze. The  
fire broke out in several places at  
once and they could do nothing with it.

The building was built about ten  
years ago by Henry Yesler, Seattle's  
most famous pioneer, and cost him  
nearly \$60,000.

From opinions gleaned from city offi-  
cers it is likely that a new building  
will be built on the site. The house  
was occupied by Mr. Yesler for three years  
before his death and was then one of  
the most handsome residences in  
Seattle.

## HARMSWORTH EDITS PAPER FOR A DAY.

NEW YORK, Jan. 2.—Alfred Harms-  
worth, the English newspaper owner  
and editor, is quite pleased with his  
late attempt here with a local news-  
paper to bring an American daily up  
to his ideal. He thinks the paper is-  
sued under his direction proved the  
success of his idea as applied to Amer-  
ican newspapers.

He has received offers from various  
editors to take charge of their news-  
paper plants for a day.

Mr. Harmsworth said that he did not  
know which, if any, of these offers he  
might take. He is going South and  
then possibly he may visit the West.

## PERU CELEBRATES THE NEW CENTURY.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
LIMA, Peru, Jan. 2.—The government  
festivities in honor of the birth of the  
new century were begun at 9 o'clock on  
New Year's eve. There were fireworks,  
torchlight processions and military  
music.

At midnight a salute was fired. The  
festivities continued Tuesday. A new  
carnival drive was opened and there  
were excursions in the parks.  
German Cienaros, attaché of the Pe-  
ruvian legation in Paris, has been  
transferred as second secretary of le-  
gation at Rio Janeiro.

Oregon's Gold Output:  
Associated Press Dispatches by  
The Tribune's Special Leased Wire  
PORTLAND, Or., January 2.—The  
gold production of Oregon for the  
year 1900 amounted to \$3,770,000.  
The number output of the State for  
the year 1900 was 1,000,000 feet.

## JOINT NOTE MAY BE A TRIUMPH FOR CHINA.

Wily Celestials Want  
Merely a Cessation  
of Hostilities.

Sincerity of the Chinese  
Love for Peace Is Not  
Credited in Vienna.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
NEW YORK, Jan. 2.—A dispatch to  
the Herald from Vienna says:

The latest developments in the Chi-  
nese question are favorably received in  
official circles here. Warnings are  
heard in some quarters, however,  
against too optimistic a view of fu-  
ture events.

The acceptance of the joint note  
may, after all, result in triumph for  
China, because she hopes thereby to  
obtain an armistice and possibly may  
have already done so.

It will be ascertained in a few days,  
when negotiations are in progress,  
whether the arrangement will work.  
The entire course of events thus far  
has left some scepticism here regard-  
ing the sincerity of the Chinese love for  
peace.

## NEW METHODIST COLLEGE IN AFRICA.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
CHICAGO, Jan. 2.—A special to the  
Record from Richmond, Ind., says:

Bishop Harzell of the Methodist  
Episcopal Church in Africa has ar-  
ranged with the Rev. George E. Reil-  
bold of Indiana to go to Zambesi,  
Africa, to conduct a college at New  
Ontario in that country.

This being a British country, the  
Methodist Episcopal Church in Africa  
has arranged with the Rev. Reilbold  
to conduct a college at New Ontario

## CHICAGO FIREMEN KEPT BUSY.

Thirty-five Alarms are  
Rung In on New  
Year's Day.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
CHICAGO, Jan. 2.—In frozen cloth-  
ing and on shuffling feet Chicago's  
firemen worked almost continuously  
yesterday. The first day of the new  
century was a record-breaker in the  
way of fire alarms. Up to midnight  
thirty-five had rung in. On the first  
day of 1901 there were only twenty  
alarms. The average is said to be  
about twenty.

Firemen were scarcely given time to  
eat. In some cases a portion of a de-  
tachment at a fire would have to quit  
and run for another fire. Overheated  
stoves, the firemen said, caused many  
of the fires. Thawing out of gas and  
water pipes also contributed its share.

In a majority of cases the fires were  
quickly extinguished and the loss was  
light.

Work by the firemen was done under  
great difficulty and with considerable  
suffering on account of the extreme  
cold. Water thrown against buildings  
froze and formed banks of ice, on  
which the fire ladders slipped and fell.

In all seven persons were rescued  
from being burned to death by the  
firemen—three at the West Hotel on  
West Madison street, and four at a  
boarding-house on Van Hook street.

The total losses of all the fires for  
the day amount to \$110,000.

## MONTANA'S GOLD AND SILVER OUTPUT.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
CHICAGO, Jan. 2.—A special to the  
Record from Helena, Mont., says:

L. B. Bruden, United States Assayer  
in this city, estimates the production  
of gold in Montana in 1900 to have  
been \$4,969,000, an increase of \$200,000  
as compared with the previous year;  
silver, \$10,720,000, a decrease of \$4,600,000.  
The production of Utah, over which  
Mr. Bruden has jurisdiction, is esti-  
mated at \$4,100,000 gold and \$6,000,000  
silver, an increase of \$17,250 gold and  
\$1,922,812 silver.

## FOUND A BOMB IN THE TUNNEL.

Discharged Employee of  
a Chicago Street  
Railway Suspected.

Associated Press Dispatches by  
The Tribune's Special Leased Wire  
CHICAGO, Jan. 2.—The Record says:  
On information from a source which  
he declines to make public, Detective-  
Sergeant McLaughlin located a gasp-  
ing bomb in one of the niches of the La  
Salle street tunnel shortly before mid-  
night. The bomb was taken by the po-  
liceman to Central Station and thence  
carried to the lake front and exploded.  
Detective McLaughlin said he had re-  
ceived a hint to the effect that an ef-  
fort would be made to blow up the tun-  
nel used for the passage of the North  
Side cable cars. He hastened to the  
scene and found a piece of three-inch  
gasp-ing about fifteen inches long in  
one of the small arched openings in the  
dividing walls of the tunnel. A half-  
burned fuse protruded from one end.  
When touched off the bomb is said by  
the policeman to have exploded with a  
loud report.

Earlier in the night one of the sweep-  
ers employed in the tunnel saw a man  
about 25 years old and shabbily dressed  
loitering in the tunnel. He was asked  
what he was doing there and replied,  
"Nothing." The stranger left the tunnel  
hurriedly. The police suspect the  
bomb was planted there by a discharged  
employee of the company.

## TESTIMONY IN THE HAZING CASE ALL IN.

Examination of the  
Doctors Who Treated  
Cadet Booze.

Board Will Submit Its Report  
to Secretary of War This  
Week.

NEW YORK, Jan. 2.—General  
Brooke, president of the Board of In-  
quiry which has been investigating the  
alleged hazing of Cadet Booze at the  
Military Academy at West Point, was  
seen at Governor's Island today and  
said:

"All the testimony in the case has  
been taken, the last of which was the  
examination of physicians in Philadel-  
phia last Monday, who testified to  
treating Cadet Booze.

General Brooke stated that unless  
something should turn up the board  
would review the case and submit a re-  
port to the Secretary of War by the  
end of this week.

## AT BED TIME

It takes a pleasant herb drink, the next  
morning, to get rid of the effects of  
the hazing. It is made from  
herbs, and is prepared as easily as tea.  
It is called "Laxative." All drug  
stores sell it at 25c and 50c. Lane's  
Family Medicine moves the bowels each  
day. If you cannot get it, send for a Free  
sample. Address, Gracie E. Woodward,

## QUARANTINED AS SMALLPOX SUSPECT.

Wedding Journey of a  
Tesla Couple Rudely  
Interrupted.

Forresters' Masquerade Ball  
at Livermore a Most Suc-  
cessful Affair.

LIVERMORE, Jan. 2.—A brief tele-  
gram in the San Francisco Call of  
Monday stated that Mrs. C. Brum-  
baugh, en route to Tesla, had caught  
smallpox at Salt Lake, Utah, and had  
been quarantined in a Pullman car.  
The facts are that Charles Brum-  
baugh, a miner at Tesla, was married  
to Miss Meehan at Antioch some two  
or three weeks ago and they are now  
on their bridal trip, possibly return-  
ing home. A few mild cases of small-  
pox have prevailed at Tesla for the  
past two months and possibly the  
germs had been carried in some way  
through their trip and only now de-  
veloped. Mr. and Mrs. Brumbaugh  
have a host of friends in this locality  
who regret their ill luck at the begin-  
ning of their married life.

## COMEDY AT THE MACDONOUGH THEATER.

Seldom, it is said, has playwright  
evolved characters so skillfully drawn,  
so strongly individualized,  
so susceptible and so companionable as  
those of "At the White Horse  
Tavern." In this charming three-act  
comedy from the German which will be  
presented at the Macdonough Theater to-  
morrow evening there is an up-to-date  
and healthy philosophy running  
through the humorously planned plot  
which depicts the life of a young  
man and his wife, who are well known  
characters as a character actor and  
comedian have kept him prominent before  
the theater goers in the country for the  
last twelve years, also Minerva Dorr, the  
"Jane" and "Niece" of a few seasons ago,  
with a company of twenty people.

## ROSEDALE PROVES A DEWEY SUCCESS.

The Dewey production of "Rosedale" is  
one of the most successful ever put on  
the theater. There was a large audience  
at the matinee yesterday, and last night  
the house was crowded. The old favorite  
is given a strong presentation by the  
Dewey Company, and the dramatic situa-  
tions, exciting plot and pleasing humor  
of the piece make the performance a  
thoroughly enjoyable one. The scenic ef-  
fects are realistic and the production of  
the play leaves nothing to be de-  
sired.

## IMPROVEMENT CLUB AT HIGH STREET.

The High Street Improvement Club has  
been organized with the object of ad-  
vancing public improvements in the  
High Street district. The club will meet to-  
morrow night at the schoolhouse for the  
purpose of discussing the improvement of  
High Street. The officers of the organiza-  
tion are: President, T. G. Armstrong;  
vice president, E. D. Lane; treasurer, E.  
L. Blackman; secretary, D. M. Haggerty;  
chairman of executive committee, Wil-  
liam Brannan.

## CLOSE UP AN ESTATE.

Kate Hirschbaum has petitioned for the  
termination of the life estate in a lot at  
Pacific avenue and Hubbard street stand-  
ing in the name of Elizabeth J. Johnson.  
The petition recites that Elizabeth J.  
Johnson owned the property in 1900, and  
in April of that year deeded it to her  
son, Walter D. Johnson, reserving for her-  
self a life estate in the property. In Sep-  
tember of the same year she died, but the  
life interest she held has never been  
legally declared terminated. The peti-  
tioner recites that she is now the owner  
of this land in question, and asks the  
court to terminate the life estate still of  
record.
